

PRECRITTER ACTIVITIES

Sensory & Developmental
Activities for Ages 2-5

MY GOAL

Hi! My name is Michelle Painchaud, I am the founder of a new natural science and art-based animation company called Curious

Critters. My goal for my PRECriter Activities is to offer toddlers ages 2 to 5 enriching, hands-on sensory experiences through thoughtfully designed activities and experiences. Each class is designed to support early childhood development and can run anywhere from 1 to 2.5 hours, with a maximum group size of 20 children. These activities encourage sensory exploration, fine and gross motor development, early problem-solving skills, and social interaction, helping children build confidence, critical thinking skills, curiosity, cooperation and a positive relationship with nature and learning!

WHAT MAKES CURIOUS CRITTERS PRECRITTER ACTIVITIES SPECIAL

Each one of our classes will contain an **End of Class Newsletter!** where a group

picture is taken and a small blurb about “what I experienced with Curious Critters” will be written and sent to the organizer to distribute to each parent if they so please. This gives parents a thoughtful connection and window into what their little Critter got to experience and explore through our fun and formative activities. I believe this personal touch of transparency builds connection and solidifies the trust parents hold for you to care for and enrich the lives of their beloved little Critter!

Some classes will feature **Live Animal Picture Days**, these classes will safely introduce trained live animals to the class and allow each child to have a picture taken with the animal of the day! When permission is granted, one professionally edited **picture card** keepsake is created per child to be sent to parents as a lovely souvenir. All images are sent

privately to the organizer via email and are permanently deleted immediately after delivery. Photos are **not** intended for public use unless specifically requested.

EQUIPMENT & MATERIALS

Each class will come with all the necessary equipment and materials, so there is no hunting down of expensive school supplies or hidden extra costs!

With certifications you can trust including the CFIA and Redcross please contact Michelle or Frank for more information & booking. Thank you! I can't wait to begin our adventures together!
