

Curious Critters

Big Critter Activities Ages 14+

1 hour Activities, comes with a 2 critter meet & greet!

1. Pets & Us Day! (Presentation)

A presentation on the importance of animal ethics, different kinds of pets, selecting the right pet for your household, and general animal care techniques.

2. Climate Change & Future Careers Day! (Presentation)

A presentation on climate change, how to help, and future jobs that help animals and the environment.

3. Manga Character Creation Day!

Using our character design sheet, we will design and create our very own anime/manga character using manga markers!

4. Cooperation Art Workshop Day!

An interactive workshop exploring good behaviour vs bad behaviour in academic, professional and interpersonal relationships while we create a self-portrait using pastels!

5. Our Body & Stress Activity Day!

An interactive presentation on how bad experiences, like stress or trauma, can affect the body and exercises that can help prevent or lessen potential damage.

6. Watercolor Painting Day!

Learn about wildlife preservation and the importance of maintaining our environment while following guided instruction on how to paint a roaring tiger!

7. Painting Day!

Each student creates their own painting masterpiece on canvas alongside their favourite critter.

8. Make your own Cleaning Solution Day! (starting June 2026)

Make your own cleaning spray solution, learn about the science behind cleaning properties, pick between different scents and take it home in a mini spray bottle!

9. Pastel Day!

Each student gets their own sheet of pastel paper and smudger in order to follow along the guided lesson on how to properly layer colours and draw a beautiful flower field
