

Curious Critters lil Critter Menu Ages 7-10

1 hour Activities, Comes with a 2 Critter Meet & Greet!

1. Painting Day!

Each student gets their own set of materials to create their own painting masterpiece alongside their favourite critter!

2. Reading With Critters Day!

Read alongside a teacher-selected book or a Curious Critters-selected book to some of your favourite critters.

3. Superhero Character Creation Day!

Using our character design sheet we will design and create our very own superhero character using comic book markers!

4. Bug Day!

Build your own bug out of foam balls and crafting materials while we watch a video on different insect colonies and how they work.

5. Build Your Own Bird Glider Day!

Learn the fundamentals of how birds fly vs gliding, then assemble and decorate your own wood glider to make into a soaring bird.

6. Dino Fossil Excavation Day!

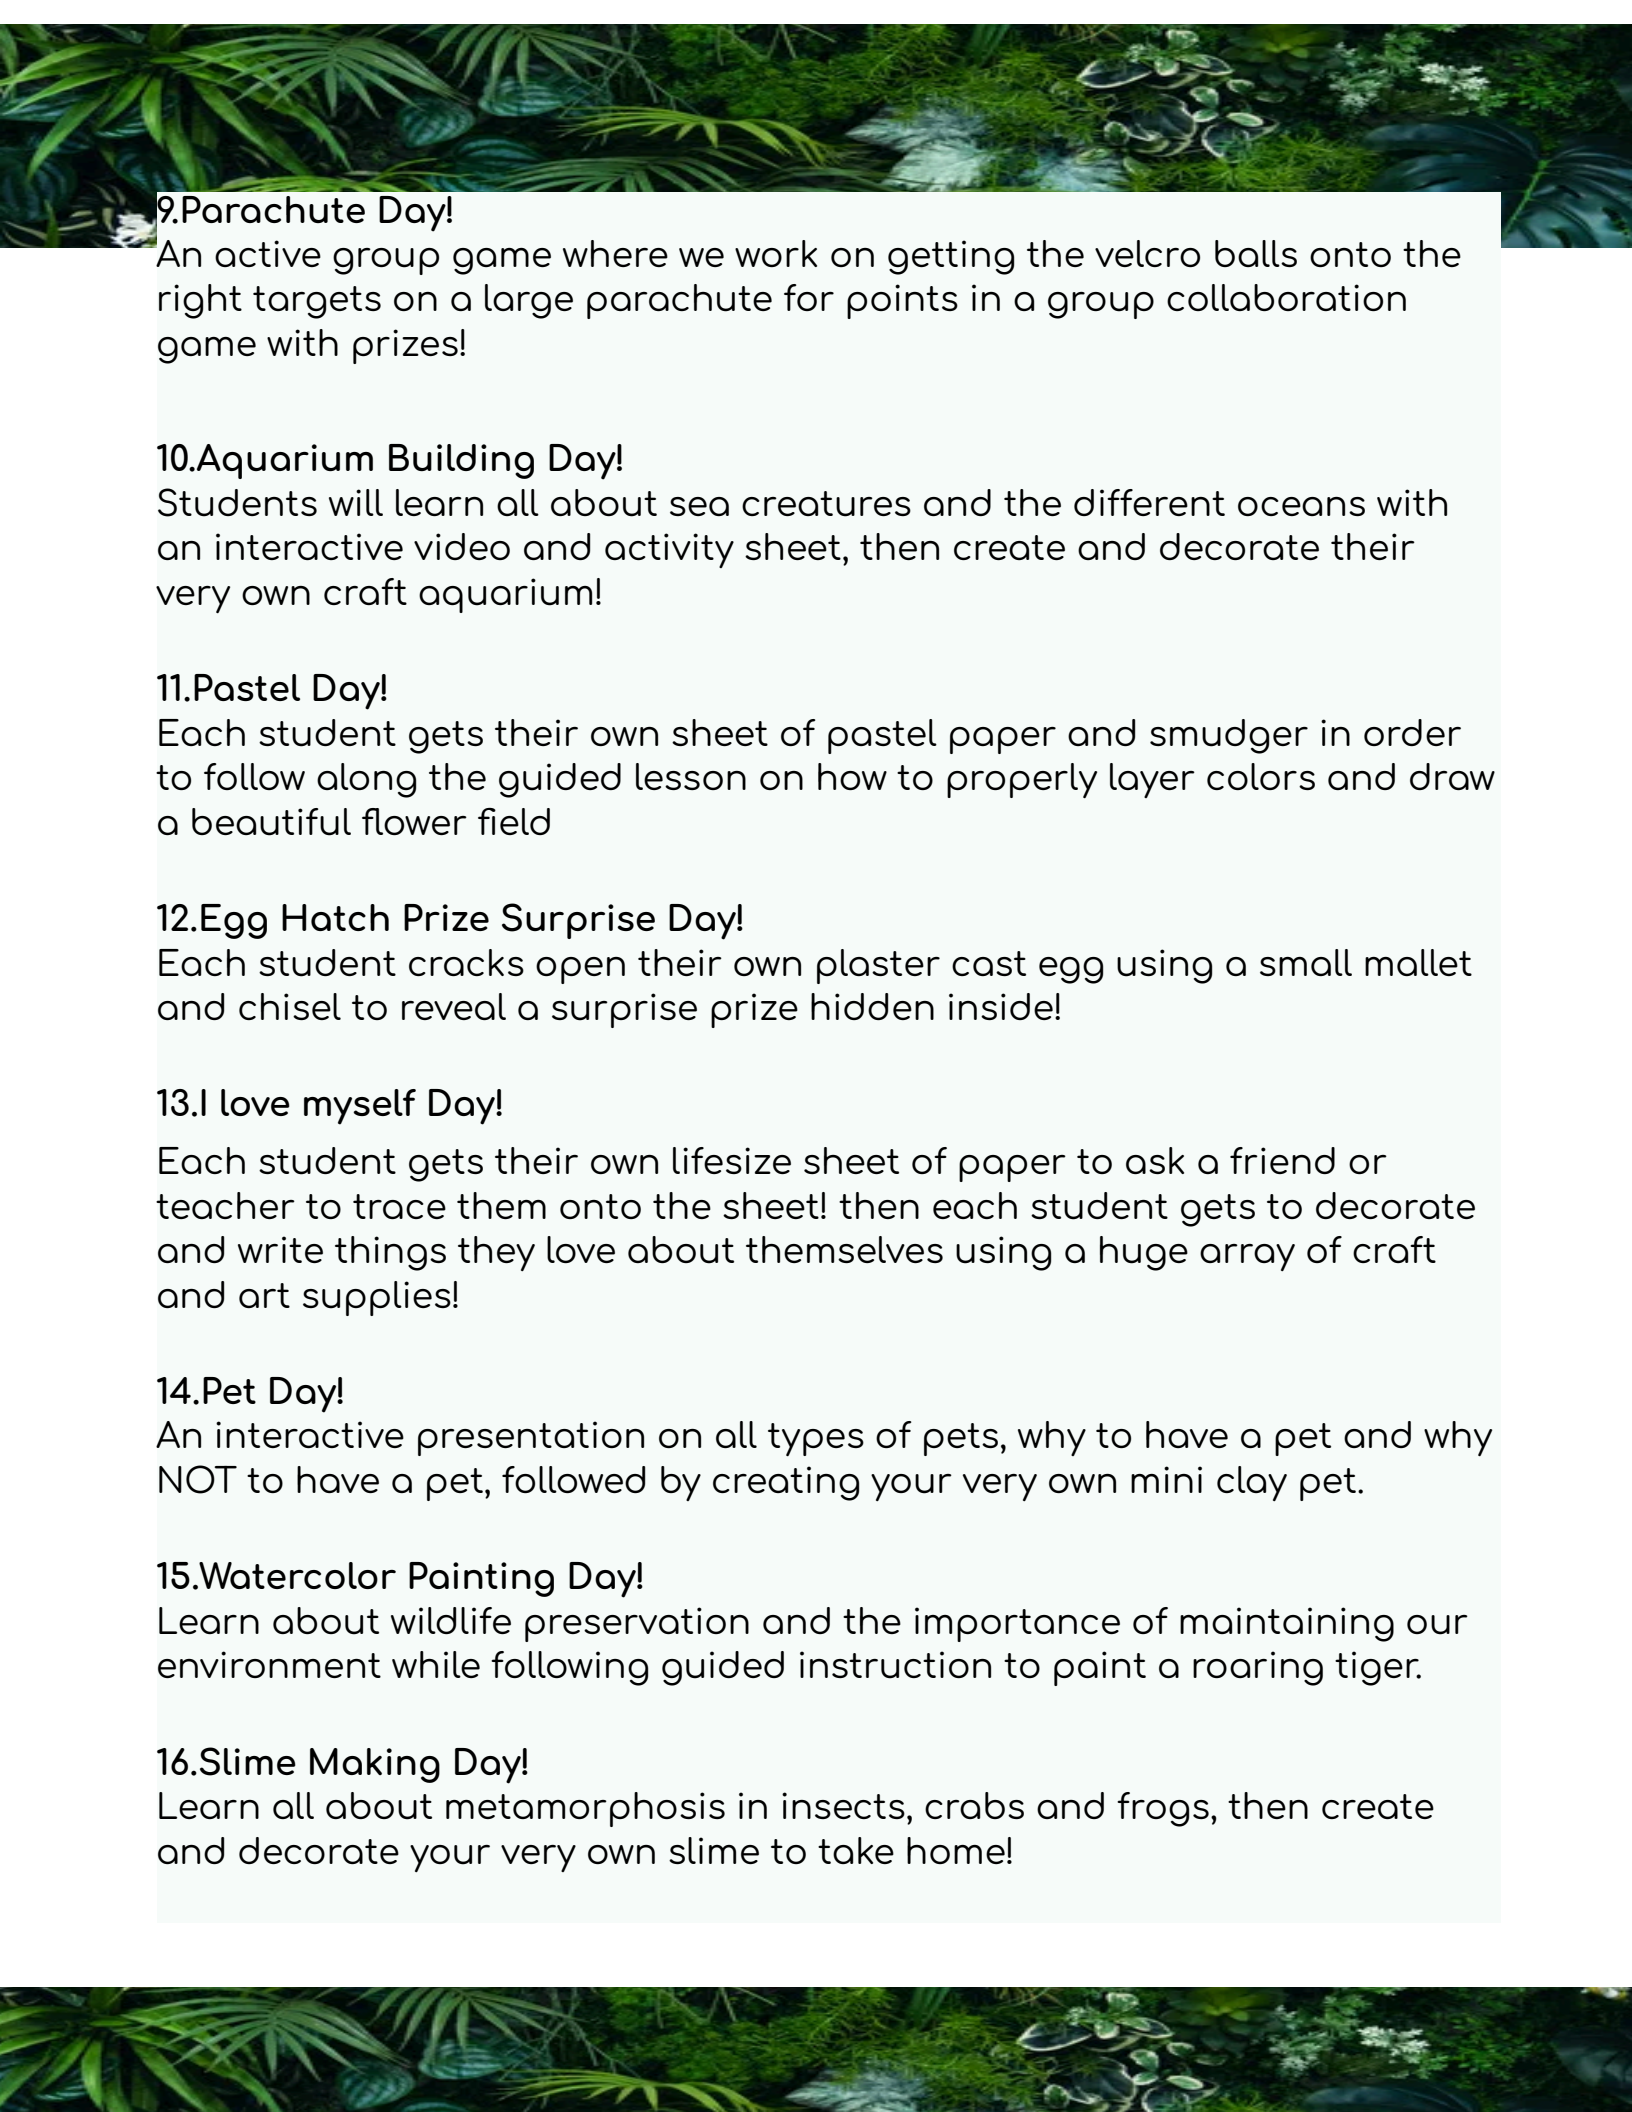

Students will learn all about evolution and dinosaurs through an educational video and excavate your very own dinosaur fossil using mini paleontologist tools!

7. Hungry Hungry Snakes Game Day! (Starting June 2026)

An active game where we see what team of two will eat the most "mice" aka collect the most plastic balls using scooter boards!. Everyone gets a prize!

8. Sticky Lizards Game Day!

A large jungle board with felt leaves where students throw sticky lizards at targets to win points! Everyone gets a prize!

9.Parachute Day!

An active group game where we work on getting the velcro balls onto the right targets on a large parachute for points in a group collaboration game with prizes!

10.Aquarium Building Day!

Students will learn all about sea creatures and the different oceans with an interactive video and activity sheet, then create and decorate their very own craft aquarium!

11.Pastel Day!

Each student gets their own sheet of pastel paper and smudger in order to follow along the guided lesson on how to properly layer colors and draw a beautiful flower field

12.Egg Hatch Prize Surprise Day!

Each student cracks open their own plaster cast egg using a small mallet and chisel to reveal a surprise prize hidden inside!

13.I love myself Day!

Each student gets their own lifesize sheet of paper to ask a friend or teacher to trace them onto the sheet! then each student gets to decorate and write things they love about themselves using a huge array of craft and art supplies!

14.Pet Day!

An interactive presentation on all types of pets, why to have a pet and why NOT to have a pet, followed by creating your very own mini clay pet.

15.Watercolor Painting Day!

Learn about wildlife preservation and the importance of maintaining our environment while following guided instruction to paint a roaring tiger.

16.Slime Making Day!

Learn all about metamorphosis in insects, crabs and frogs, then create and decorate your very own slime to take home!
